NAVEE | Birdie 3X

Auto-Follow, Total Freedom

Just tap a button, clip the remote on your belt or back pocket, and walk. Birdie 3X, powered by ultra-precise UWB technology, stays right by your side. Feel the freedom of the course: 100% hands-free golf games.

Power-Assist Mode, Smart Boost

Birdie 3X's Power-Assist Mode gives you a seamless boost when you need it most—tackling slopes or rough terrain with natural, effortless motion.

Instant Remote Control

Birdie 3X reacts instantly to your every move - go, stop, or turn with just a tap (best within 50 meters). Enjoy complete focus on your game with easy remote control.

Smart APP, Unlock More

Control your Birdie 3X right from your phone (up to 150m): adjust speed, check battery, track scores, and customize settings - all in one app.

Fast Folding, Compact 0.15m³ Storage

With a single touch, Birdie 3X folds down effortlessly to just 68×56.5×38.4cm—taking up only 0.15m³, even smaller than a standard golf bag. Lightweight and compact, it slides easily into your car trunk or club storage, making transport and setup completely stress-free.

Clear Display, Easy Command

The extra-large 140×35mm HD LED screen keeps all your critical data clear and visible immediately, even under direct sunlight. Easily monitor and adjust your ride in real time with a central control hub that integrates speed adjustment (9 levels) and a convenient Type-C charging port.

Supports Up to 36 Holes

With a high-efficiency 220Wh battery, Birdie 3X intelligently manages power to keep you moving through at least two full 18-hole rounds—over 36 holes—on a single charge.

Accessories

Birdie 3X comes equipped with premium accessories to make every round more convenient:

- Umbrella Holder (Included)
- Cup Holder (Included)
- Storage Mesh Pocket (Included)
- Phone Holder (Sold Separately)

4+1 Wheels, Added Stability

Birdie 3X features a 4+1-wheel design built for added stability. The 4+1 system combines 11-inch rear tires, swivel front wheels, and an additional anti-tipping wheel. It delivers steady traction across all terrains.

Dual Motors, Unmatched Power

With dual independent rear-drive motors, Birdie 3X delivers steady power and control across any terrain—firm fairways, soft bunkers, muddy roughs, and even 25% inclines.

Rated at 120W × 2 with peak output reaching 240W × 2, Birdie 3X keeps you moving with confident traction and smooth handling exactly where you need it most.
